Presenting

**SMELLS LIKE NIRVANA**

with Special Guests

**ALT ROCK**

THE 90s TRIBUTE BAND

SMELLS Like Nirvana is the stunningly accurate tribute to the Seattle grunge band that redefined the sound of rock music and went on to become one of the most successful and influential bands of all time.

Nirvana was an American alternative rock band that entered the mainstream during the early to mid-1990s with the massive and unexpected success of their second album Nevermind, with hits such as Smells like Teen Spirit, Come as you are, Lithium and In Bloom.

Smells Like Nirvana faithfully recreates the music, the outfits, the stage theatrics and the attitude of Nirvana at the height of their popularity.

The band does justice to all three core members of Nirvana (Kurt Cobain, Krist Novoselic and Dave Grohl) and allows audiences to once again experience the songs and ferocious live sound of this legendary band.

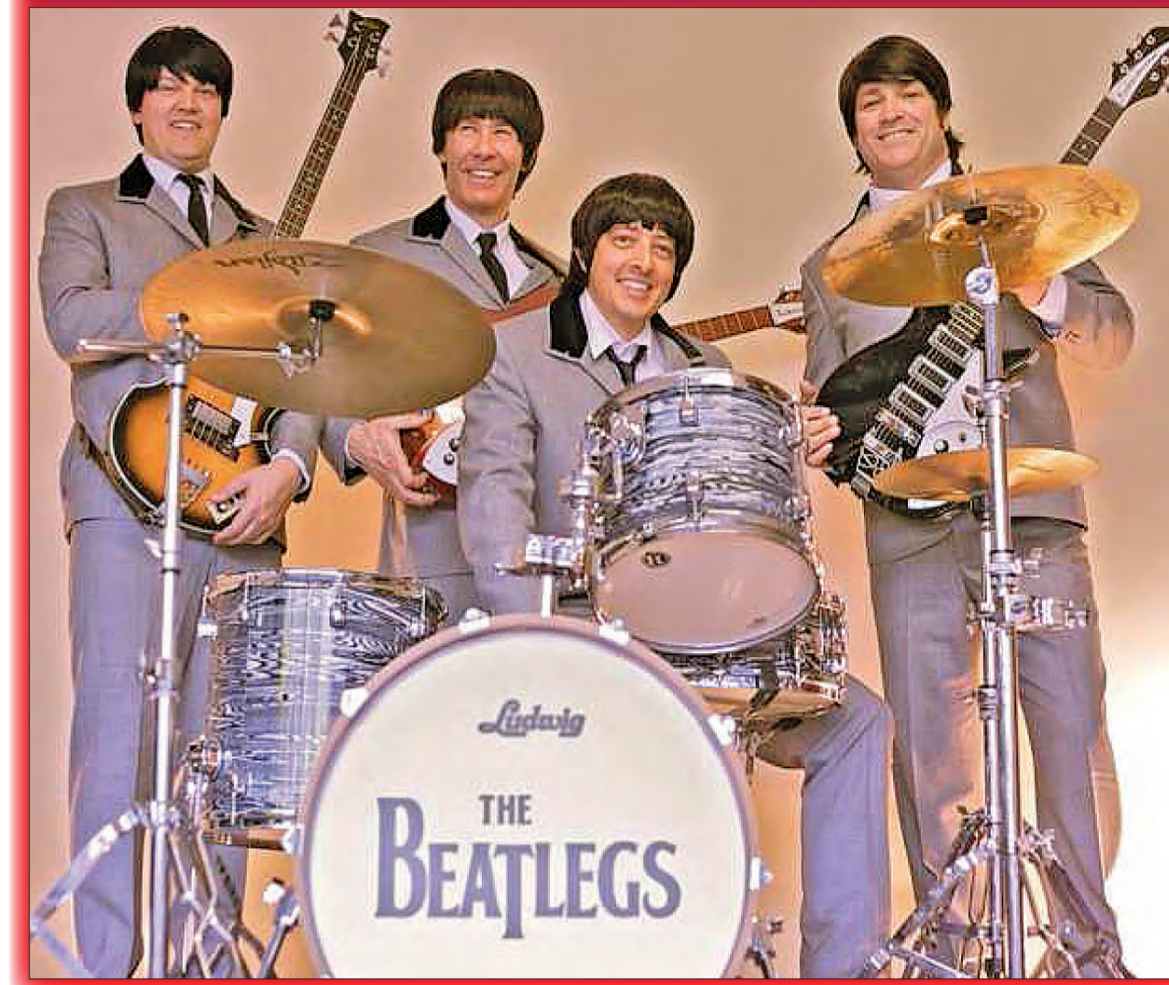

The band plays songs from all stages of Nirvana's career, including all the hits from the albums Nevermind, In Utero and Incesticide, as well as dedicating part of the show to Nirvana's MTV Unplugged in New York album, where the band strips it back to acoustic guitars, playing hit songs like About a Girl, Dumb and Polly to name a few.

Band members Nathan, Sol and Dave are three very talented musicians, having played together in successful original and cover bands for more than 10 years before starting Smells Like Nirvana.

The boys bring a wealth of live performance experience to the table and are intent on delivering a near replica live Nirvana show, so close to the original that audiences will think they have been transported back to the 90s.

If you love the energy and sound of the grunge era's greatest band, then experience Smells Like Nirvana at Bribie RSL on Friday, May 18 and relive the sound of a generation.
